Result-driven fresh graduate with a multidisciplinary skill set and a structured approach to problem-solving. Experienced in full-stack software development through an internship and personal projects, proven track record of delivering practical and efficient solutions.

SKILLS

- **Programming Language:** C#, JavaScript, TypeScript, Java, HTML5
- **Frameworks/Tools:** ASP.Net, .Net Frameworks, Next.js, React, Express JS, MS SQL Server, MySQL, MongoDB, Azure Devops, Git, CSS, Bootstrap, Tailwind, AWS Amplify, Vercel, Render
- **Soft Skills:** Problem Solving, Teamwork, Adaptability, Time Management, Fast-Learner
- **Languages:** Malay (native) & English (professional working proficiency)

PROFESSIONAL EXPERIENCE

AGTIV CONSULTING SDN BHD

WP, Kuala Lumpur

Full stack Developer Intern

Sept 2024 – Feb 2025

- Developed search, report, and administration modules for an internal Management of Change (MOC) system for a leading client in oil and gas sector, utilizing ASP.NET and SharePoint. Achieved User Acceptance Testing (UAT) sign-off and successful deployment for live use.
- Designed and developed a migration console tool to transfer over 100 legacy manual records of the client's data into the new Management of Change (MOC) system, significantly reducing data migration time.
- Contributed to the migration of an Electronic Document Management System (EDMS) to the upgraded Electronic Document Control System (EDCS), utilizing ASP.NET 9 to ensure ongoing support and compatibility.
- Assisted in debugging, refactoring, and implementing new features in the EDCS upgraded system, improving functionality and user experience.

EDUCATION

Bachelor of Computer Science (Hons.) Netcentric Computing

Oct 2021 - Feb 2025

Universiti Teknologi MARA, Shah Alam | **CGPA:** 3.57

Foundation in Engineering

Jun 2020 – July 2021

Universiti Teknologi MARA, Dengkil | **CGPA:** 3.72

PROJECTS

Abdullah Wafiy Portfolio Website

Feb 2025

- **Scope:** Designed and developed a personal portfolio showcasing projects and skills.
- **Achievement:** Built with Next.js and deployed on Vercel. **Link Access:** [Here](#)

Web-Based Collaborative Family Management System with Priority-Based Notification Alerts

Oct 2023 – Feb 2024

- **Scope:** Develop a collaborative family management system for family/household users.
- **Achievement:** Implemented REST API for both client and server components using Cors and Redux toolkit. Additionally, utilize JsonWebToken (JWT) for secure authentication and authorization. Application deployed on Render. **Link Access:** [Here](#)

UiTM Sport Facility Reservation System

Nov 2023 – Jan 2024

- **Scope:** Developed an automated sport facility reservation system for UiTM students using Laravel framework and Model-View-Controller (MVC) Architecture.

- Achievement: Successfully implemented authentication and CRUD operations to manage reservations effectively.

EXTRA CURRICULAR & PARTICIPATION

Participant of ASEAN Data Science Explorers (DSE)	May 2024
Assistant Director of Service-Learning Malaysia (SULAM) DAHLIA @ Digital Center	Mar 2024
Active Member of Multimedia Bureau of SULAM@24 version 2: Secure Online Payment	Jan 2023
Bureau of Multimedia and Publicity Netcentric Computing Club (NETCOM)	Oct 2022

PROFESSIONAL CERTIFICATION & AWARDS

- IBM Z Xplore – Concepts Certified (2024)
- Google Cloud Fundamentals: Core Infrastructure (2024)
- AWS Cloud Practitioner Essentials (2024)
- Cisco IoT Fundamentals (2023)
- RunCloud Cloud Computing Fundamentals (2022)
